WILL WOODS

ABOUT

Will Woods is a former musician and educator turned developer. With a wide range of abilities and past experience, Will is the perfect candidate to both work personally with clients and understand the technical side of applications.

Will is frequently involved in volunteer work for the Atlanta Community Food Bank and enjoys cooking, live music, Atlanta sports and spending time at the park with his dog and his wife.

TECH SKILLS

- Browser based technologies - HTML5, CSS3, JavaScript, jQuery
- Server side development - APIs, Node.js, Express, ASP.NET
- Databases - MySQL, MongoDB
- Deployment - Git, Heroku

Will's current portfolio of personal projects and applications can be found at wwoods1016.github.io

SOFT SKILLS

- Strong written and verbal communication skills
- Quick, analytical problem solver
- Well organized and skilled at managing long-term tasks and projects
- Team player and experienced leader in multiple fields
